

## SPECTRAL EXTRA W795 – Water based Fade Out Agent

**Characteristics:**

**SPECTRAL EXTRA W795** – is water based Fade out Agent, designed for eliminating of optical differences between the old paint coating and the new layer of base coat.

**Application:**

Use at applying:

- SPECTRAL BASE water based base coats

**Spray viscosity, nozzle, pressure:**

Product is supplied in ready-to-use form, do not thin!

DIN 4/20°C ok. 30 s,

HVLP – 2 bar, Ø1.2÷1.3mm nozzle

RP - 2÷3 bar, Ø1.2÷1.3mm nozzle

**Procedure:**

Shake the container before use.

SPECTRAL EXTRA 795 – Fade out Agent should be applied in one thin coat in place where the new layer of base coat overlaps the old paint coating directly onto base coat before applying the last dust layer of the base coat. Recommended for shading difficult colours, above all for base coats containing coarse aluminium.

**Colour:**

Colourless, milk-white.

**Storage time and condition:**

Store in a dry, cool place, away from sources of fire and heat. Direct sunlight should be avoided.

Store at the temperature of above 5<sup>0</sup>C. Protect against frost.

12 months at 20°C.

**Industrial safety:**

See Safety Data Sheet of this article.
